

The logo features a large blue circle. Inside the circle, the text "Scikit" is written in a blue serif font, and "HEP" is written below it in a larger, bold blue serif font. In the upper right quadrant of the circle, there are two sets of concentric gray circles, resembling ripples or targets. Several thin gray lines intersect the blue circle: one line passes through the top left, another through the top right, and a few lines intersect near the bottom center.
